PETITION FOR EXPUNGEMENT OF INFORMATION OR COPY OF PAPERS IN APPLICATION FILE

Pursuant to 37 C.F.R. section 1.59 and the Manual of Patent Examining Procedure sections 724.02 and 724.05, Spee-Dee Packaging Machinery, Inc., the Petitioner and Assignee, (the “Petitioner”), requests that the Technology Center Director grant this Petition to Expunge Information or Copy of Papers in Application File at the close of prosecution on the merits.

1. Contemporaneously with the submission of this Petition, Petitioner submits a two-page document, including drawings of a valve apparatus for controlling bulk material flow. The two-page document is located in the enclosed sealed enveloped labeled “PROPRIETARY MATERIAL NOT OPEN TO PUBLIC. TO BE OPENED ONLY BY EXAMINER OR OTHER AUTHORIZED U.S. PATENT AND TRADEMARK EMPLOYEE.” Also separately filed, Petitioner submits a Supplementary Information Disclosure Citation and an Information Disclosure Statement for Proprietary Documents, each including disclosure of the two-page document.

2. Upon information and belief, the aforementioned documents are owned by a party other than Petitioner (“Owner”). Petitioner became aware of the existence of these documents when the Owner of the documents voluntarily provided a copy of said documents to Petitioner. Owner’s transmission of the documents to Petitioner was not provided for the purposes of this patent prosecution.

3. Petitioner has no direct personal knowledge as to the authenticity of the documents or whether they constitute prior art to the above-identified patent application. However, to ensure compliance with the duty of disclosure, Petitioner believes it is constrained to provide this information to the Office. See 37 C.F.R. §§ 1.56(c), 1.555. See also MPEP §§ 724, 2001.

4. Upon information and belief, the enclosed documents are private and have not otherwise been made public (the "Proprietary Documents").

5. Because the enclosed documents might include proprietary information of Owner, Petitioner believes it would be appropriate to expunge such documents.

6. Petitioner is committed to retain the Proprietary Documents for the period of any patent which might issue with regard to which the documents are submitted.

7. Petitioner, the party in interest, submits this Petition for Expungement and also submits the Proprietary Documents concurrently with the Petition for Expungement. The Petition will be acted upon at the conclusion of prosecution on the merits.
